**What does it mean to be a "Brickie?"**

**Five Years ago, if asked what it meant to be a Brickie, I would have said, "You live in Hobart." Now, if asked I would say it is nearly the highest honor one could be granted. I believe the Brickie spirit embodies what every community wishes to be, but I also believe this privilege comes with immense responsibility. Because of this I try to represent Hobart to the best of my ability at all times, especially during athletics, clubs, and volunteer activities.**

**My junior year I was lucky enough to be given the honor of embodying Yohan. This tow year experience has shown me how powerful the Brickie spirit is as I get the opportunity to lead it and am thankful for it everyday. Although there is no dictionary definition of what it means to be a Brickie, I believe it could be best defined as a mixture of integrity, honesty, responsibility, sportsmanship and most importantly, pride in who you are and where you come from.**

**--Cade Brumley  
Class of 2018**

Special thanks to the students in the yearbook class for helping put together this publication. We made it!! I know it was stressful, but it is very worth while! This year we transitioned to making students primarily responsible for taking pictures. Thanks to Kathleen Belk for helping with this transition and providing basic instruction in this art! I also thank Tom Ling of Classic Photo and Sarah Ramos for allowing us to use some of their terrific photos. Thanks to our publishing representative Valerie for her encouragement and help along the way.

I thank Cade Brumley for allowing us to print his words at the top of this page. It is a wonderful student view of what it truly means to be a Brickie. Formerly a Mater Dei Wildcat, I moved to Hobart to take a job 19 years ago. One of the things that has kept me teaching at this school corporation is how much of a community this school system is. I love how students and staff work together and care for one another. It doesn't matter what "position" one holds.

Our theme this year is "connected," and that can mean many different things. In this day and age, technology may come to mind. There are so any different ways that inhabitants of the world can be connected today. Our theme, however, goes much deeper than that. When we speak of being connected, we talk about all the many parts or our school community that "connect" together to form Hobart High School. If even one person, one "link" in that chain is missing, we lose something and aren't as special: from students to teachers to custodial crew to secretaries to lunch ladies and bus drivers. All are vital. All are treasured. All are celebrated. We are **connected**.

# The Bricks are Back

Kayla Harmon

It's the end of the fourth quarter, coaches are screaming across the field, the sidelines are quiet, and the fans are shocked. The score is 19-7 and it seems like all hope is lost for the Brickies. As the final seconds of the game come to an end, tears from seniors' eyes stroll down their faces, coaches are speechless, and the chants of the opposing team are heard throughout the city. The players and coaches huddle together for one last time and sing the fight song, "Our Boys Will Shine".

Players and coaches are congratulated left and right on their successful season despite the loss. Pictures are taken with friends and families, and the realization that the season is over is disheartening for everyone in Hobart.

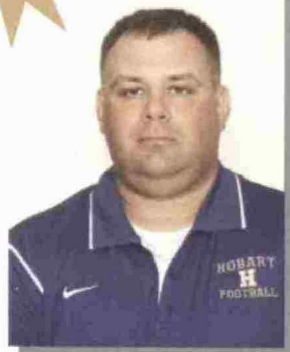

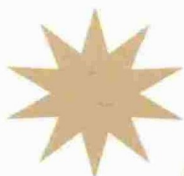

As the seniors turn in their helmets and pads for one last time, they can't help but to remember all of the great achievements they reached during the 2017 season. With the help of supportive coaches, friends, and the community, the Brickies were able to make it a memorable season.

After five years of not being able to defeat Hobart's biggest rival, Andrean, the team finally won against them, making it one of the most exciting games of the season. The game went into overtime and the final score was 13-10. Senior quarterback, Sam Ehrlich, said "It was satisfying, we had a bad taste in our mouth from last year's result against them, so to go out this year and take a win in overtime at their place was just satisfying."

What most do not realize, is the time and effort the boys and the entire coaching staff, puts into football, even after the season is over. Workouts in the weight room take place begin weeks after the last game. Once school is out, 5 a.m. workouts will consume their summers, and the hot weather will run them dry. Essentially, they are sacrificing their whole summer to prepare for the upcoming season.

Now, the challenge is given to the next group of players to show the people of the region what it means to be a Brickie.

## Dave Grabczak

One of the most shocking things to have happened during this year's season was when Coach Grabczak had a life changing experience. He is a well known role model and coach in our community. When the news spread of him having a sudden heart attack, the community and schools united as one, and prayers were from all over the city. A GoFundMe page was created to raise money to support him, as well as t-shirts were made to raise funds in honor of Coach Grabczak. Families, friends, and staff members all showed their gratitude by buying shirts and donating money in support of him and his family. The football players honored their coach by placing the letters "D" and "G" on the back of their helmets. When Mr. Grabczak was released from the hospital, he was brought to the high school so students, teachers, and his football team could greet him with hugs, handshakes, and signs. It is an hard to verbalize how much the community missed Dave Grabczak by their sides. The students and staff of the Hobart community wish Mr. Grabczak a speedy recovery, and can't until he is able to return back to teaching and coaching.

It hasn't happened very many times in the history of Hobart football. An elite group of freshmen achieved a great accolade this fall. They completed an undefeated season for the third year in a row. These perfect seasons have their challenges though. "It's hard to continue to improve when the kids haven't lost in three years. You learn more from your losses than you do wins", said Coach Gibson. Hobart had little challenges all year as they outplayed most of their opponents with lopsided final scores. Their most challenging and last game of the season was played against Lowell. "It's one of those games you see on your calendar in the beginning of the year and you know it's your hardest game.", Coach Gibson also claimed. The coaching staff is very excited to see this group of young men next year contribute even more to the program and even at the varsity level.

## Cheerleading

By Anca Nalta-Cisma

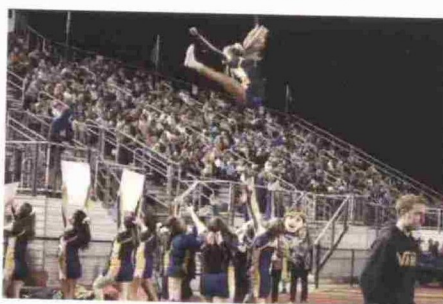

Every Friday, every sideline, and every bus ride. The cheerleaders always are by the football players side. They are given little recognition, but during rain, snow, and shine, they cheer their boys on. These girls perform multiple kinds of cheers and stunts each Friday night and at pep rallies. All of their performances look simple and effort-less. Going behind the scenes let me get a look into the world of a cheerleader. Especially their world consisting of hard-work and countless hours of preparation.

# Bricks May Not Break, But They Do Fly

Despite a lengthy fall football season, the cheerleaders smoothly transitioned to the winter basketball season. Just as during the football season, the girls stood by their boys and cheered them onto victory! The cheerleaders have been working very hard their entire two seasons to make it to where they are now. The basketball season being their favorite season, getting to dress up and do more than football, they may be sad... But now, it is their time to shine. After speaking to the cheer coaches, they informed me that this competition is their reward after a hard season. Alexis Johnson, a varsity cheerleader, describes this team as her "family" and how she "never wants to leave them".

The Brickettes Dance Team was created by Mrs. Torres in 2015. Mrs. Torres main focus of starting the dance team was to make the girls who participated feel powerful and feel like leaders. Mrs. Torres also wanted the girls to gain confidence and take ownership. During the summer the Brickettes host a "mini Brickettes" camp where girls kindergarten through six grade come for a week and learn some dance moves and have fun. Mrs. Torres stated "these little girls, come and look at these high school girls, and they want to be them , so I think it is very empowering for a 16 year old girl to know that a 6 year old girl is looking at her and saying that she wants to be her when she grows up." Throughout their season, the Brickettes participated in two dance competitions, one at Crown Point where the girls got really good reviews from crowds, and the second one was at here, at Hobart High School, where the girls just showcased a routine. Mrs Torres wanted mentions that, the girls who are able to obtain a whole season, receive a varsity letter. To be on the dance team you do not need prior knowledge because high school is all about learning! So don't be afraid to try out to be an empowering Brickette!

By Anca Nalta-Cisma

Taylor Lollis hitting her toe touch perfectly!

After increasing their practices each week, while still cheering for their boys, the Hobart Brickie Cheerleaders began the extra time and work on their choreography to prepare for their upcoming competition season. The first one they attended was the LaPorte Invitational where our cheerleaders performed their hearts out with a perfected routine... only to be later told they had unfortunately not placed in first. With an itching suspicion from the Brickie coaching staff, they quickly detected a calculation error in the scores, and immediately let the judges know. This resulted in the brand new news of a 1st place trophy and score of 89.6/100 from our Brickie cheerleaders. Following this competition, the girls competed at The Hoosier Open in Crown Point. Here they received 2nd place, and yet another wonderful performance for their 5th Annual Brickie Cheer and Dance Invitational.

"Practice like you've never won and perform like you've never lost,"- Coach Ashley Kieltyka of HHS. The Lady Bricks personified this quote this year. The Lady Brickies Volleyball team had a great year. They started off with a few wins and improved greatly throughout the long season ahead. Their overall record for the season was 14 wins, and 18 losses. This year, the team had four seniors leading the rest of the players by example. Coach Ashley Kieltyka was a new coach this year, coming in from Whiting High School. It was a tough adjustment, but everyone worked hard and played to the best of their abilities. The Lady Brickies had a young team this year. There was a freshman setter, two sophomore hitters, and three juniors, which include two hitters and a passer.

## JV and Freshman Volleyball

The freshman team started the season strong, but as the season went on, more than more than half of the team suffered season career-ending injuries, and it left the team with a total of three players. Those remaining players proceeded to be put on the junior varsity team for the rest of the season.

## Boys Tennis

### *Continuing the legacy at Hobart High*

The Hobart Boys Tennis team of 2017-2018 had a great season. Senior boys included Samson and Dante Canchola, and Charles Crayton. Head coach of both teams is Carl Davis, with assistance from Jon Brumley, and Coach Kenny. This team has improved over the long run, and the coaching staff has improved the legacy of boys tennis program. Senior player Samson Canchola said, "I think that the team was efficient in terms of learning/applying as well as practicing and playing at matches." Considering that the number of players on the varsity team decreased over the transition from last year to this year, this team managed to bring hard work and determination to the 2017-2018 season.

## Girls Tennis

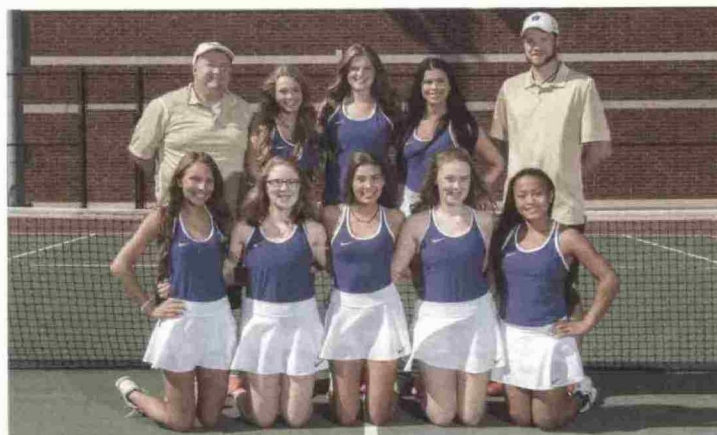

By Angel Millsap

The girls tennis team had exciting season. They practiced very hard each day and never gave up. Coach Davis has been coaching the team for six years. Coach Davis had experience with tennis in high school and college which lead him to coach tennis teams. The girls have worked hard this year. Coach Davis said " the best part of coaching is seeing the kids become adults and watching them grow up to be wonderful." Several new players decided to join the team this year. In tennis you have to have fast feet and slow hands, and you have to make sure you get under the ball in time and all of these girls put try their hardest. The team has an amazing bond and their biggest strength was the way they communicated! Their hard work and determination led them to become Sectional Champions this year! Congratulations girls!!

## Holly Shaginaw; The Face of the Region

Holly Shaginaw posing next to the State Finals banner. Holly placed within the top ten 5 times this year including a personal record of 19:15:00. She had the best times out of the girls. Some of her teammates also came all the way down to Terre Haute to root on their lead runner. At the state finals, Holly placed 121st out of approximately 208

other girls. She ran a 19:49:20 at the finals. It was not her best, but it is still an impressive run. Making it all the way to the state finals is very impressive, let alone. This was an amazing season from Holly, and the best part is that she is only a junior. Everyone at Hobart, and in the region will be expecting bigger things from this amazing runner!

Some of the cross country coaches and students take a picture as they prepare to head to the IHSAA cross country state finals for Holly Shaginaw!

"This season is one of my most favorite, and memorable seasons that I've coached!" This is what Coach Ty Artherhults describes on the team's season.

The cross country team had a lot of success this season. Some of the boy's success includes winning 3 invites, 3rd place at the NCC Championships, regional qualifiers, and semi-state qualifiers. The girls had similar team statistics. The cross country team's final ranking was 64th in the state! Many would agree that this season was a success. Some post-season awards includes Christian Howerton winning the Mental Attitude award, Humberto Guerra winning Golden Guts award, and Bruce Liepart winning Most Improved on the season. On the girls side, we have Carla Jewell winning the Mental Attitude award, Mikayla Zakutansky winning the Golden Guts award, and Lilly Butler winning the Most Improved award. Diego Gomez and Holly Shaginaw were the team MVP's. Being Coach Artherhults' 15th year as head coach, the cross country team has won regionals once, qualified for regionals approximately 22 times, qualified for semi-state 11 times, and qualified for state twice! And to mention, Hobart is ranked 17th in all team state appearances in the state of Indiana!

When asked why he coaches cross country, Coach A. stated that "I just love the sport, there's no faking results." His student-athletes seem to appreciate Coach A. So much so that they even purchased Macklemore concert tickets for him. The mutual respect seemed to show, considering how well the runners did. Coach A. stated that the most memorable part of the season was the entire post-season. "Both teams making it to semi-state was pretty fun."

But the program has not always been the great. When asked to compare last season to this years season, Coach Artherhults stated that, "Last years season was a little disappointing, But it was a great year for leaning. It was a transition to this year. It made runners realize the more work you put in, the better the results would be." Coach A. makes sure his athletes are stellar on and off the field, stating, "Ill say this, you don't have to worry about coach country runners. If they have the discipline and work ethic in cross, it usually transfers over to the classroom." The cross country team had a stellar season. The team "bought in" with their work ethics and determination, and in the end, it all paid off with reward!

The boys took second with Michigan City taking 1st at conference. The boys bowled their hearts out and they worked very hard to improve. The members of the boys team have gotten close this season and improved so much. They made sure they got every spare every time. They hit their mark when it was a tough shot. At many bowling alleys it was a tough shot, but they still bowled their hearts out. The boys cheer each other on every single meet and helped each other bowl better. Mikey Terek the team captian, said "all the boys worked hard trying to find a good line up for bakers to help take the win. The boys bowled so good this season." The girls team may have not placed first, but they became very close throughout the season. The girls bonded so well it made the team better. The girls bonded by bowling tournaments, practicing and meeting after practices helped the team get through the year. They worked hard and and practiced very hard. The girls made it a great season although they did nit advance. Everyone kept there heads up and had fun even if they were not going their way. Everyone bowled their hearts out and improved so much. # Boys Soccer

By: Liesl Martin

After many years of being the boys head varsity coach, coach Hutcherson resigned. This left a big hole to fill. The boys team hired three new coaches: Luke Weinman, Jamie Harris, and Dan Flores. This was a year of growth and development for the boys team, as well as learning to get used to one another. The team spent time together on and off the field; participating in many team bonding activities. Although this wasn't their greatest season in terms of wins and losses, head coach Luke Weinman feels that the boys really grew as a team. The coaches made this season about focusing on conquering short term goals, so that they were constantly improving and growing as a team. "We knew we had to measure our success by progress over time, not by immediate wins and losses." He feels that the team grew every week; in both their skills, and team development.

# Girls Soccer

Losing five seniors in their previous season was tough on the Hobart Girl's soccer team. They knew that the season would be tough, considering how young of a team the players were. Many of the players from the previous season did not return, and not many newcomers joined either. Despite all of these challenges, the girls team had a tremendous season filled with growth and teamwork. This is their second year in a row that they won the first round of sectionals. None of the girls were expecting this. Assistant coach Kati McKorckle believes that the girls improved so much throughout the season because they wanted to prove themselves, and show that they can be competitors against the bigger teams. "The girls on the team grow every day, every practice, and every game." The girls team made a break through this season by defeating Griffith and Kankakee Valle, their long time rivals.

Brad Goben dives in to start the race for the 200.

Jordan Kraft, Roland Cormier, and Gerardo Lozano gather around Brad Goben as he takes off.

This year, the Hobart Boys' Swim Team has broken records, finished with the best record in over 10 years, and placed their highest ever at sectionals. Our boys' swim team finished the season with a record of 9-4, finishing second in the conference, beating schools such as Lowell, Gavit and Calumet. The Brickies also won the Winterfest meet for the first time in school history. They placed third at conference and Jacob Torres was the conference champ for the second year in a row. They also placed 3rd at sectionals, had 10 boys score points in the finals which is by far their best. Eric Zyzanski made it past sectionals for the boys and was the 3rd diver in school history to do so. The swimmers on the team and Coach Foddrill and this is what they had to share about their season!

Coach Jon Foddrill said "I'm extremely proud of these boys and the path they have paved for future boys on this team. We placed 3rd at sectionals and finished the season strong with our best finish in Hobart boys school history. Excited to see what next season has to bring!"

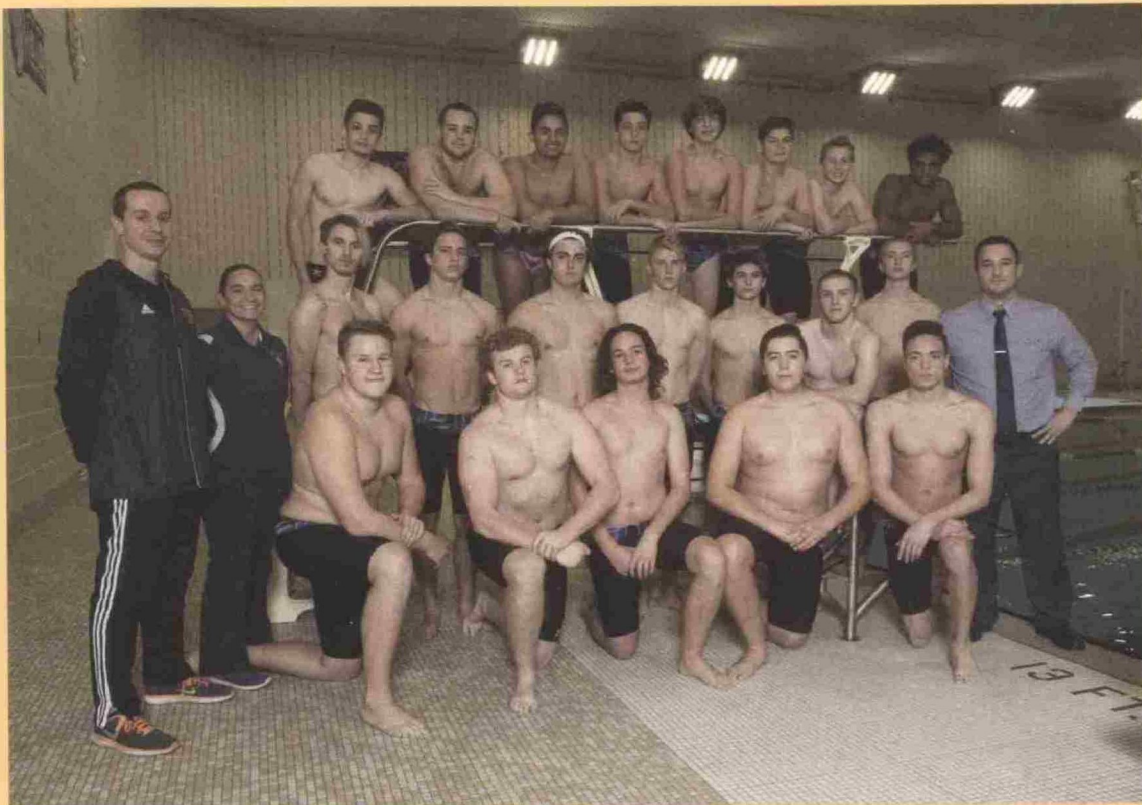

Roland Cormier added "We have room for improvement but we still performed pretty well. Next year is definitely going to be our year because we are only losing 3 seniors and we have a young team who performs well."

Gerardo Lozano shared "As a team we could have performed better, but I couldn't have asked for a better season to end my swim career at HHS with."

After the swim season, the Boys' Swim Team attended the awards ceremony where Coach Foddrill congratulated the swimmers with certificates based on their accomplishments and some light hearted awards. Wyatt Decanter received "Best Photographer," Roland Cormier received the "Most Time Spent in Bathroom".

The girls swim team had one of the best seasons they've ever had in awhile. Even though only one swimmer qualified for state, their overall season was one for the books. We interviewed Coach Foddrill for more details. He told us about the best meet of the season, "our senior night against Lowell. Girls had just lost to them at our conference meet three days prior, and then we beat them at senior night by 50pts." What a season for our girls swim team! Coach Foddrill is looking forward to the next couple of seasons because of all the young potential the Hobart swimmers have.

Emma Wright at the starting block getting ready to compete at her first state meet.

Emma Wright is an amazing swimmer. Her swimming career began when she was just six years old. She fell in love with the sport the moment she hit the water. Emma has been swimming for over 8 years now. She has put in countless hours into this sport. Emma participates in club swim as well as high school. She is a year-round swimmer, switching back and forth between club as well as high school.

Emma remained undefeated until she went to state, but she is determined to come back next year stronger than ever, "I had a good season and the loss at state will just make me a stronger swimmer."

Emma's events included: 50 freestyle, 100 free style, 200 freestyle, and the 200 and 400 relay.

# Brickyard Brawlers

by Tylor Triana and Brandon Marciniak

With a highly anticipated season, the Brickies started off with a state ranking of #13. Our brickies have won consecutive conference titles and have just fallen short of a sectional and regional title. The Brickyard Brawlers also finished with a state finish of 6th last year. This highly successful team have now filled the roster with seniors and have the tendency to leave it all out on the mat for their last rodeo. It is also a time to teach the young JV wrestlers the ropes to keep success in Hobart.

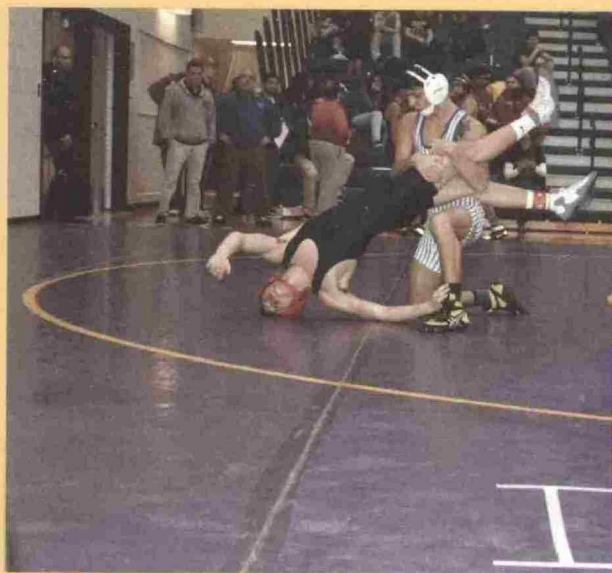

This season the Brickies have clearly shown their dedication and dominance. They walked away with another undefeated season in conference duals as well as another conference championship.

Head Coach and Brickie legend Alex Ramos in response to all the success states, "It is a nice confidence booster, however the real goal is still to come and that's our main focus."

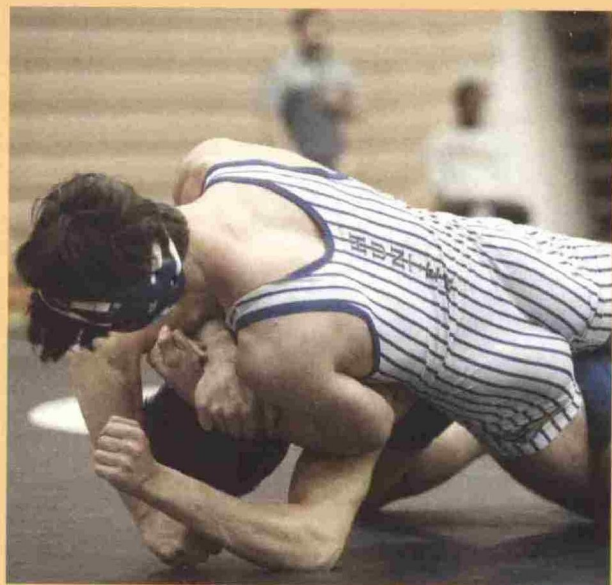

The main focus was, as Ramos explains, "the state finals, we need as many people to make it down as possible to have a shot at that team state title."

With the season winding down, the Brickyard Brawlers ended with 13 out of 14 wrestlers going to regional, 3 regional champions, 6 semi state qualifiers, (Tylor Triana, Zack Fattore, Mikey Hunter, Quinten Gomez, Dante Colza, Tyler Turley) and 2 State qualifiers (Tylor Triana, Zack Fattore). This year at the state finals, much anticipation came with the big stage in downtown Indy. Though the Bricks did not place in the top ten as a team, they had a successful season as a whole.

"I loved this group. They persevered the whole season, and worked their butts off. It's time to get to work next year. We need to get to the top of the top caliber of talent." - Alex Ramos.

# IN IT TO WIN IT

By Jordan Kraft

The Hobart Boys basketball team is having a breakout year. After Coach Brown took over the head coaching position, the team has a new energy that we have not seen from the Brickies in a couple years. Coach Brown has the mindset that no matter what, his team will be the best on the court. The team was led by seniors Connor Manjarrez, Julian Harvey, Sydney Ford, and Ryan Ashlock.

The season started off a little rocky with a 1-2 record, but as the season grew longer, the team bonded and grew underneath Coach Brown. In his first campaign, Brown led the Brickies to a 12-11 record. This is a big improvement compared to last years season. After having a 9-16 record last year, the seniors were destined to change their fate for the season. Senior Connor Manjarrez mentioned that, "We were not happy with the outcome last season. We all focused on getting better each and every practice. Many of us worked all offseason to make sure that this season would be an improvement from last year." As the season went on, you could tell that under the new coaching staff, there was a new energy among the team. There was a positive vibe that allowed for the team to work together. Coach Brown stated that, "I was proud of the effort and unselfishness given by our guys throughout the season. I thought our seniors did a great job of buying into our culture and displayed toughness, togetherness, and a brotherhood mentality that allowed us to reach our goals.

These guys were a pleasure to coach. The team had key wins over Laporte (57-55), Griffith (78-71), and Highland (52-50). Following the season at the winter sports awards, senior Julian Harvey won the MVP award for being the most valuable. Julian led the team in scoring and rebounding with 15 points and 7 rebounds per game. Fellow senior, Connor Manjarrez was second on the team in both scoring and rebounding with 12 points and 6 rebounds per game and was awarded Most Improved. Both players were elected 1st team all-conference and Times honorable mention all-area. Sidney Ford was awarded with both the Chad Gross Hustle award and the Bob Hunt Mental Attitude award. Overall, the season was a success. Even though it was cut short after losing to Michigan City the upcoming seasons. Now with a year under his belt, Coach Brown is ready to get his next season underway.

Although they did not have the season they hoped for, the HHS gymnastics team managed to pick themselves up and try their absolute hardest. The team did well, considering their season does not last nearly as long as other schools do. They were mainly focused on improving their own personal record, rather than beating other schools. The team's only senior, Jhaida Barbera, commented, "Personally, I think my final season was good because I enjoyed it and everyone on the team. We were all really close." With the help from a supportive team and coaches, the girls were able to succeed at making big improvements and doing their best.

Senior, Calynn Drobac hypes up the girls before the game

Girls basketball had a hardworking season, despite their losing record they improved as a whole. Through thick and thin the team stuck together. This season the girls had new adjustments, such as learning new plays, and playing with a new group and a new coach! Although, most games did not result with success, they played some of the best times in the area, which in the long run only helped the girls get better. When head coach, Tim Feddeler, was asked how he thought the season went he responded "despite not winning as much as we would have hoped, the team continue to show up to practice each and every day and work hard to get better. It is easy to quit and stop showing up for practice when losing starts, but this team kept showing up and kept working." Coach Feddeler was also asked how his first year of coaching this team, as head coach, was and he stated "Again, not the year I would have hoped for in terms of wins and loses. However, we took a very young and inexperienced team and gained a lot of valuable experience which will help us in the coming years."

The Hobart Brickies have had a great season this 2018 year! Although, in the beginning, their first few meets and Little 5 was canceled due to weather, the Bricks kicked their season off with a conference win against Andean. Coaches Ty Arthurhults, Justine Eubank, Steve Balash, and Brian Wesley have had nothing but positive things to say about the athletes. "This season, we have focused on improving from week to week. It's fun to see the athletes create new personal records from meet to meet. The seniors this season have been nothing short of great leaders and great athletes. Our team perfectly embodies what it's like to be a Brickie!"

## Unified Track Team

Hobart made history this school year when a Hobart teacher and coach took on the role of Unified track coach. A unified track team is a combination of students with special needs paired with track students who do not have special needs. Together they compete against other schools in their conference who are involved in the Special Olympic Unified Track Conference. Although Unified Track has been going on for the past five years, this is the first year that Hobart High School has taken part. This is due to the efforts of Brian Wesley. He requested help from Betty Ring, a teacher of Intense Intervention from the special education department. Together they contacted parents and formed a team. The team had to follow all of the Indiana High School Athletic Association rules and regulations. They practiced every Tuesday and Thursday to prepare for the events. Uniforms were distributed and worn with pride to the very first meet which took place at Valparaiso High School. The students were so proud and happy to take part and did very well in their very first event. The next meet took place at Crown Point High School and finally they went to the sectionals at Griffith High School.

# Flipping the Switch: the Underdog Bricks

By Michael Hunter

Going 8-19 in 2017, you could say that the Hobart Baseball Program had a rough year. The 2017 season, indeed, was more than rough. Considering the year before (2016), the team had a winning season with 21 wins and 9 losses; one of the best seasons at Hobart. That team held 10 seniors.

With the 2017 season coming up, many prior players didn't join the team again. The team was left with one senior. At the start of the season, things did not go well. It seemed as if things could no get worse. Then, the only senior and team captain had suffered a season ending injury. This left the team with some juniors, a couple sophomores, and filled with freshman.

"Inexperienced," is how Coach Glover would describe the team. "I would try not to tell the team that to give them an excuse for losing, but it was the truth. We were just inexperienced."

The excuse of being inexperienced can last no more. The team discussed their problems, and talked about the things they needed to execute throughout the season. Consistency was one of their main problems day in and day out. The team had beat some of the best teams of the region including Chesterton, Lake Central, and Andean! At their tournament in Indianapolis, the team beat Perry Meridian and Lawrence Central, larger schools with better records.

Heading into sectionals, the team was 19-8; one win away from their goal of 20! It would not be easy, they faced Crown Point, after losing to them earlier in the season. Many had doubts, but the team knew they would win this game, and so they did. They hit their goal of 20 wins. Unfortunately, their season came to an end after facing Chesterton in round 2 of sectional competition. The team had no complaints after having the best turnaround season ever at Hobart. No one could be more proud than Coach Glover. It was a stellar season and definitely one for the books. Next year looks quite promising!

Heat high, sweat dripping, lots of conditioning. This is what the off season and summer is like for many of the softball players at Hobart High School. Yes, I did say summer, months before their season starts, many of the girls play on other teams. This prepares them for their spring season. The positive result this year? Winning ten games throughout their season! Balancing teaching and coaching is "hectic," as Mr. Moss, new Varsity coach says, but he devotes hard work and time to his girls. As the season is coming to an end, he says the thing he is most proud of is "how much they have come together as a team." Energetic personalities, a hard working team, and a determined coaching staff make up the Hobart High Softball team.

We are building a real golf culture in the Hobart High Girls Golf program. Golf is an individual sport within a team dynamic; you have to learn to play the course and that practice does make perfect. Our team is full of young players that have the potential to make an outstanding team. This year our team had only one senior and many underclassmen that came out and improved everyday. The players and coaches were happy with the progress and look forward to the future.

Golf is a sport of patience, class, and persistence. The 2018 Spring Golf season was a strong one that showed just that. The rainy spring weather held a heavy weight on the boys this season, but this did not hold back their growth and success. A team consisting of primarily underclassman, with two of their top players being a Junior, Harrison Smith and Senior Gerardo Lozano, dedicated their season to growing and improving as golfers. At the end of their season, Harrison achieved his third consecutive Regional Qualification. This team has a lot in store in their upcoming season.

## Hobart Highschool Pep Rally

As football season winds down, the fall sports are celebrated. Hobart Highschool knows how to pump up the crowd! For the seniors it is the last homecoming they will ever have and want it to be filled with everlasting memories. Dressed in black, the seniors have come out on top with the spirit brick. As a class the seniors outshine the rest of the classes in spirit, dress, and hallway decorating come out victorious. As the season winds down it's the last hooray, everyone had a good time and the exponential excitement of homecoming was at an all time high. It is also a symbol of the students connecting with each other and cheering as one making a puzzle piece fit in the whole scheme. As yet another successful homecoming took place. Interviewing some of the classmates the comments were extremely positive! Michael Hunter said, "the pep rally was very exciting and had a lot of new elements to it. I am glad my class was finally part of the winning team" Nate Betz then added, "it felt good to have a boost in school spirit it was a lot of fun. I will definitely remember this one." This was just another opportunity to get more connected together with the whole student body and Hobart community.

The Senior Powderpuff players ended their career with a bang as they stomped on the juniors 36-6 for the final score. Senior team led by quarterback Caylnn Drobac and Emily Zanolle. The friendly competition between the juniors and seniors was showcased by the excellent sportsmanship between the teams. Although both teams strived for no injuries during the game, junior Olivia Budzielek tore her ACL early in the game. She got surgery on her knee and is on track to make a full recovery from the painful injury. This injury severely impacted the game because the juniors only had a fifteen girl roster, so with the loss of Olivia more girls were playing on both sides of the ball with very little time to rest. Juniors, although behind the whole game continued to play hard and were able to score a touchdown late in the game with a huge pass from Nina Rusinski to Jaelynn Creasbaum. After the game both teams met in the middle of the field to shake hands and congratulate each other on the great game played.

# Spirit Week: Locker Bay Decorations

By Damien Breitsprecher

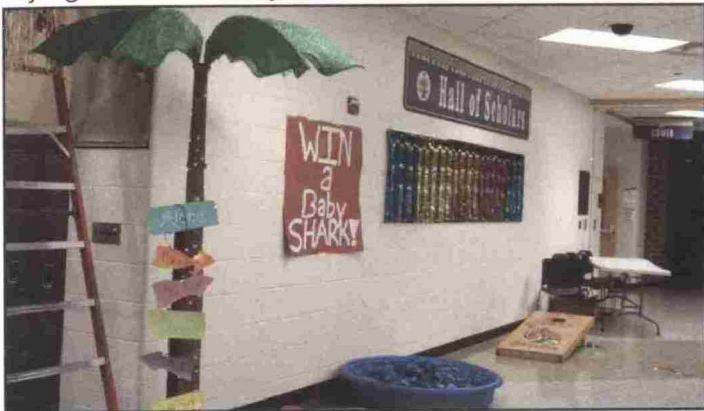

The spin-off of the beach theme in Junior bay was a take on *Jaws*. This year the juniors had to live up to the fantastic locker bays of past years. And they achieved that. The locker bay featured palm trees, several signs having to do with the *Jaws* theme, and a seaweed section with waves and nets.

Originally wanting just a *Lilo and Stitch* theme, this year's freshman decided to use several beach themes in their decorations. This ranges from hanging tropical pineapples to a tiki accessory bar. They also set up a beach scene. Pinterest was a big inspiration for many decoration in the locker bay.

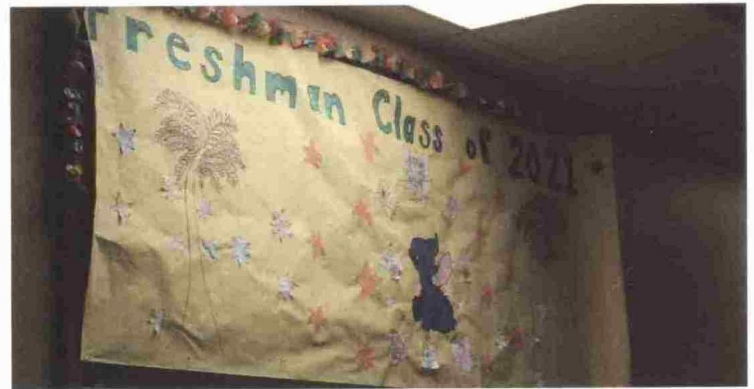

Sophomores hand made most of their decorations, really putting in hard work. Seniors really pushed limits to a new level this year with a bean bag toss game students could play right in the hallway!

This year's Homecoming was a success. The decorations were beautiful, our theme was Hawaiian Luau. The dance and all the activities for the week were organized by Ms. Torres and the Booster Club. Our King and Queen were Sam Ehrlich and Caitlin Drobac. Our Prince and Princess was Tyler Hunter and Kayla Harmon. Everyone enjoyed themselves after a week full of school spirit and a great football game. The week ended with a night full of fun at the Homecoming Dance.

## Yohan

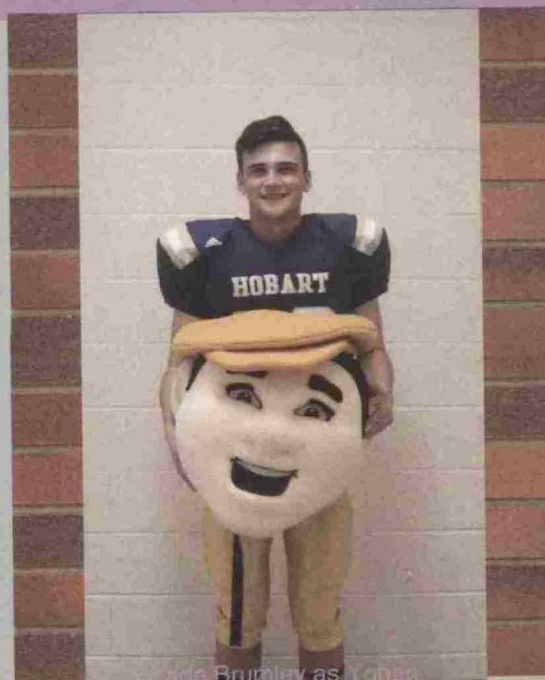

The Hobart Brickies own one of the most unique team names across the nation. The "Brickies" were named after the local brick yards located in Hobart that at the time employed a number of people in Hobart and Northwest Indiana. What better mascot than a brick and mortar wielding mascot. That is just what Yohan Petrovich is, Yohan was the brainchild of George Zupko who was a student in 1942 who created Yohan while playing a practical joke on his study hall teacher. Most people link Yohan with Purdue's mascot "Purdue Pete". Though they do seem alike they have their differences. Yohan assumed his current form that we all know and love around the late 1950's and early 1960's.

## Brickie Bob

New to the Hobart Brickie mascot roster is Brickie Bob. Who was created by Jake Fisher, a sophomore at Hobart High. Jake had the idea of creating a superhero sidekick for Yohan. With the help of Mrs. Patrick they pitched the idea to Dr. Buffington about having Jake's dream come true. She was excited to help make it happen. During the Homecoming week pep rally, Brickie Bob was introduced to Jake and Hobart High by Blue, the Indianapolis Colts mascot. It was a complete surprise for both Jake and students and Jake was overcome with excitement!

Cade Brumley as Yohan

## Cade Brumley

In his second and final year as Yohan, Cade has shown to be one of the best to put on the costume. Cade brings energy and spirit to any event through Yohan. Cade feels as if he has a "secret identity" much like superman, allowing him to embrace Yohan and what he thinks Yohan stands for, the "pride and spirit" of a Brickie. Though he is not continuing as a mascot past high school, he is tremendously grateful for the experiences provided through the opportunity of being Yohan.

# Hobart Visits the Land Of Oz

By Audree Vann

The Hobart thespians had an exciting first semester working on the musical, "The Wizard of Oz". Cast members learned their lines and sang wonderful songs. They were joined by 24 Munchkins ages 4 through 10 who enthusiastically performed. From witches to Munchkins to Dorothy and her friends, the actors wore colorful costumes, designed by Mrs. Belk. Skyler Sherwood did a great job of matching the makeup throughout the show with each person's character. Crew members made sets and created outstanding special effects which made a tornado seem real. The set designers, choreographer, assistant directors all deserve a standing ovation. In addition, there were many adults and parents that helped with whatever was needed. They even made sure the cast and crew were fed during the week before our show. Of course, none of it would have been possible without Mrs. Nelson, Mrs. Foerg, Miss. White, Miss Dietrich, and our pit conductor Mr. Grenier. The all are very dedicated to everyone in theater. The show opened on November 10th and broke box office records! Nearly 70 students were involved in the production of this show.

# Winter Pep Rally

Written by Matthew Benton

Yohan, Blue, Jake, and Brickie Bob pose for the camera.

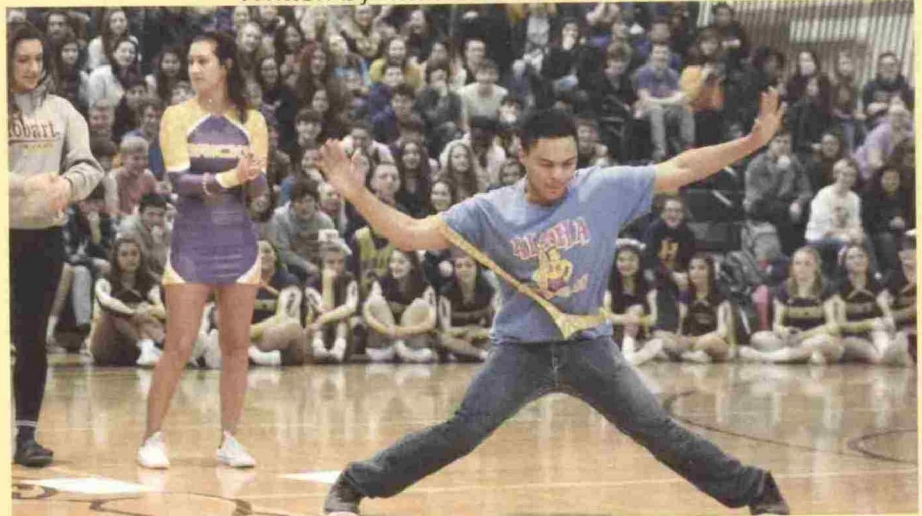

Hobart is introduced to their new mascot Brickie Bob.

This year instead of playing games at the pep rally, they decided to do something new. Sophomore Jake Fisher had a brand new idea. With inspiration from his favorite superheroes, he decided to create a brand new mascot. He felt that it was time for Yohan to have a friend. After showing pictures to Mrs. Patrick and Dr. Buffington, they too were inspired. Without telling Jake they had the "Brickie Bob" mascot made. Now he will be featured at sporting events and pep rallies for many years to come. Jake hopes that Brickie Bob will have a positive impact on the student body of Hobart High School, and the entire Hobart community.

For the first time ever the Freshmen won the spirit brick at the Winter pep rally. The juniors came in a close second and the sophomores in third. The seniors came in fourth place.

An unexpected visitor attended the pep rally as well. Blue the Indianapolis Colts mascot came back for the second time this year. He was inspired by Jake's ideas and wanted to be in attendance to show his support. Blue had a lot of fun joking around and interacting with the students.

# Rachel's Challenge

By Damien Breitsprecher

The sophomore class participated in Rachel's Challenge. The day involved several games and other activities to foster relationships between classmates. Designated leaders from Rachel's Challenge guide the students throughout the day. Teachers and other staff members who volunteer lead small group sharing.

One emotionally-stricken game involved students to stand together on one side of the room while the leaders said a statement and if it applied to any students or volunteer teachers, they walked over a line to the other side of the room. This was meant to show that people are not alone in situations. Other individuals could be going through the same problems as you. Students being able to see that they were not alone, was truly the highlight of the day.

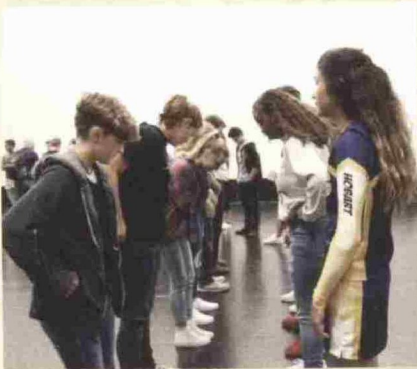

Sophomores are challenged to take Rachel's message of compassion, hope and kindness, incorporate it in their own lives, and share it with those they encounter.

## Rachel Joy Scott

Rachel Scott was born on August 5, 1981 in Denver, Colorado. Growing up, Rachel was very active in her church and extracurricular school activities. She was known for the kindness she showed all and how she stood up for the underdogs. According to her father, she made a name for herself by resolving to start a "chain reaction" of kindness.

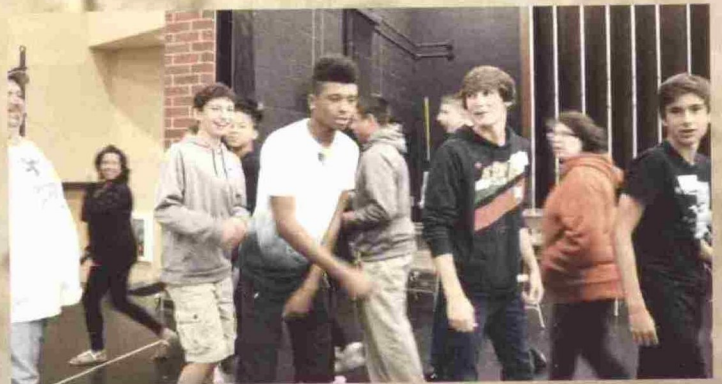

Two students entered Columbine High on April 1, 1999, and carried out one of the worst school shootings ever, killing 13. Rachel was the first to lose her life. Her family has resolved to not let Rachel's message die with her. They travel starting chain reactions at schools all over the world.

## INTERMEDIATE & ADVANCED

Both Intermediate and Advance Band work hard all year. They present four concerts during the school year. They do a Veterans Day concert, Christmas concert, Mid-winter concert, Spring concert. They also compete at ISSMA Concert Band Contest where they prepare three songs to present before judges. Then they go into a sighting reading room where they have never seen the music and the play the song given them. They end the year at graduation where they play "Pomp and Circumstance" and the fight song to help the graduates celebrate!

Students gather, taking turns holding their long awaited project.

On November 9 at 9:30 a.m., months of hard work and planning paid off for the students in Mr. Vermeulen and Mr. Bennett's Engineering and Design Development class.

Starting in August, these students worked as a team to create two high altitude weather balloons. The balloons were expected to reach 100,000 feet into the sky and did just that, and they traveled 260 miles as well.

The balloons, called Genesis and Exodus, were launched by their student led teams from the Hobart High School football field. A select group of students from these teams had the opportunity to follow behind their balloons and track their location on a five hour drive to their landing locations.

Beyond the tracking team, some students involved in the launch stayed back to keep a digital visual of the tracking on the balloons and keep the traveling team updated at the command center.

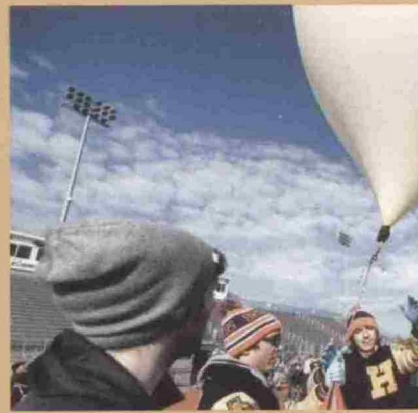

The balloons landed and were received in Defiance and Sandusky, Ohio, which meant a 10 hour total drive for the tracking team members.

The students on the tracking team for the Exodus balloon were Jerry Lozano, Garrett Boggs, Andrew Enslin and Zac Compton, while the Genesis balloon team consisted of Mikayla Zakutansky, Adisan Funke, Noah Schuffert, Quentin Gomez, Mike Meagher, and Lucas Dombroski.

Some students involved in the launch stayed back to keep a digital visual of the tracking on the balloons and keep the traveling team updated at the command center. Diego Gomez, Josh Hazard, Matt Holsclaw, Lennon Reyes, James Davis and Thomas Lozanovski, Eddie Jelinek, Shannon Murdock, David Castro and Alex Marler were all part of the command center.

"Every year we do this project, we learn from our failures and build off of it to make the project bigger and better than the previous year," said Mr. Vermulen.

## Hobart High School Choir

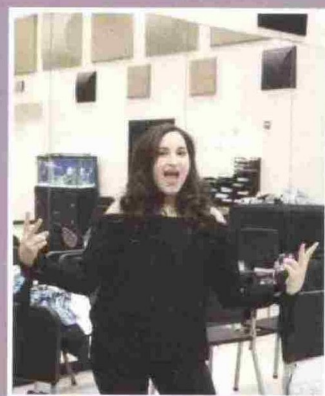

By Kassandra Rojo

After many years at Hobart High School and teaching many choir concerts, Mr. Wolff has managed to pull off another amazing season! Each day, Mr. Wolff talks about making "the crazy transition of teaching choir at the middle school, to running back over to the high school." Hobart High School choir has ended a wonderful season with a well-put together ensemble.

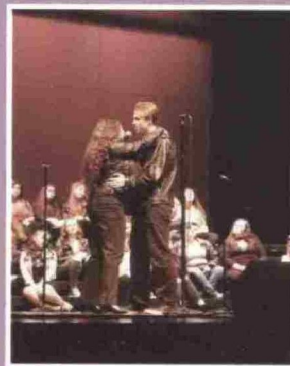

Each day, the students work their hardest under the lessons of Mr. Wolff to create a perfect choir concert which they perform for an enormous audience each semester. Each year, Mr. Wolff creates a warm welcoming environment for all the choir students. The environment he creates for the singers creates a space for newly forming friendships. Hobart High School Choir is more than just any choir. He says "it's an everlasting family."

# Senior Class Trip

By: Austin Yergler

Every year Hobart High School celebrates the graduation of the seniors by taking the graduating class to Six Flags and participating in Grad Nite. This year they took 138 students on this overnight trip. This consisted of arriving at Six Flags at 9:00pm and riding ride until 4am. The downfall of this year's trip is the thunderstorms that forced the rides to shut down for some of the night. While there were thunderstorms they had live music to entertain the students. The leader of the Senior Class trip were sponsors Mrs. Nelson and Mrs. Roach. There were many chaperone's to attend this trip like Mr. Ramos, Mrs. Ramos, Mr Roach, Mrs. Roach, Mrs. Nelson, Sam Tres, Mrs. Bartsch, Mrs. Ring, and Mrs. Butler. Mrs Roach said "Antics were had by all!" describing how much fun the trip was for the adults and the students attending. Hobart wasn't the only school attending there was many schools there from all over the Midwest region. From riding rides all night, listening to live music to braving the rain, there is no doubt special memories were made!

The class of 2018 celebrated the end to their high school lives with the Senior Parade. They wore their cap and gowns and took a trip to the elementary schools and Hobart Middle School. The children lined up and down the hallways to congratulate and high-five the Seniors. A couple of the elementary school students had family members graduating and they got to personally see them in the gowns in this annual tradition. It was great for the younger children to see graduates and what it would be like for them in the future. It was also significant for the seniors to see the students that are following in their footsteps and teachers that helped them along the way!

This spring the Hobart High School Theater Department put on the play, "You Can't Take It With You." This marks the third time Mrs. Nelson has directed the play at Hobart High School. This play was about the crazy Vanderhof family who had everything from snakes to strange friends. The family even got themselves in odd situations with the government! The set looked very authentic. The story took place in late 1930's which could easily be seen with the antique typewriter, the old-fashioned phone, and a printing press. The characters were also dressed for the era. The costume designers, Kathleen Belk and Caitie Ramirez, made the ladies and gentlemen look fabulous. The scenic design by Ron Seeley and artistic designer Nicole Zabrecky also helped transport the audience to the 1930's. The play was actually a comedy and the audience laughed a lot. In one scene, Mr. Kolenkhov played by Zoey Belk executed a wrestling move on Mr. Kirby played by Alex Chavez, landing him on his back! There were even smoke and explosions on stage when Mr. Depinna (Dante Conchola) and Paul Sycamore (Jack Olson) brought up firecrackers from the basement! With such a great set, costumes, special effects, and funny situations, the show was a great success.

# CHILDREN'S SHOW 2018 ALADDIN, JR

*Hobart High School Theatre takes on a ride on the Magic Carpet*

By: Audree Vann

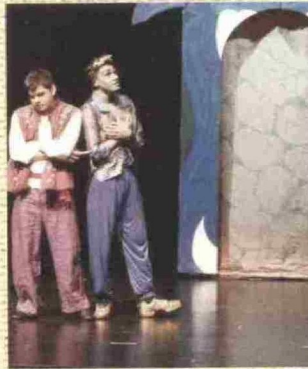

A flying carpets, a magic lamp, a prince, princess, and a genie were all on stage this spring when the seniors directed, Aladdin Jr.. This musical only ran for two days, but over 1500 kids saw the show. Each elementary school saw this magical production. The audience loved Aladdin (Alejandro Castillo) and Jasmine (Aleena Popp). There was much laughter when the kids saw Genie (Matt Moreno), Babkak (Max Moore), Omar (Lia Rodriguez) and Kassim (Maxx Johnson). The production was pulled together in three weeks under the leadership of our senior directors, Jillian Sherrard and Nate Jenkins. Our vocal director was Madison Camacho. Mikhail Greenwood worked on choreography. Our costume designer was Caitie Ramirez and Cade Brumley was the technical director. The show got great reviews by our young audience members and attendance records were set at the public show!

## Spring Fest!

Hobart High school hosted its annual Spring Fest on March 16, 2016. Being a fairly new tradition, many Brickies have questions about why we have Spring Fest and where the proceeds go. To answer these questions, all proceeds made during the Spring Fest directly fund our Building Brickies program. This program allows parent educators to share information about brain development in children and helps parents address their concerns through home visits or group visits at the Early Learning Center. Additionally, one of the most important goals of this program is to teach mothers and fathers the importance of building a healthy, loving, and fun relationship with their children. The Spring Fest is a perfect example of this goal being put into action!

The traditions of the Spring Fest are continuously evolving, but some favorites such as the bouncy house, mini golf, and face painting have remained. Each year HHS has hosted the Spring Fest we have had such a great turnout, so we are hoping for many more!

## Talent Show

By Damien Breitsprecher

Hobart High School's annual 2018 talent show was presented on April 12th and 13th. It included creative and interesting acts. Mr. Wolff began to plan the show back in February. Out of the 30 or so acts that auditioned, 18 made it through. The past years, typically a small group of students plays the MC of the Talent Show. MC stands for "Master of Ceremonies" and is the person or people who provides transitions between the acts in the show. This helps performers and stage production move smoothly from act to act. However this year, Brad Gobin was the solo MC. He used some other people for a transition or two, but he carried most of the load and did a wonderful job. He also was part of an act on top of all of that. The final act of the night included a majority of the cast members re-enacting several scenes from movies including Infinity War and Star Wars. Every year Hobart looks for some new talent to showcase and provide a stage for. The school is very accepting of all talent, no matter how unusual and wacky. If you have some sort of special talent, Hobart's talent show is perfect for you.

# Theatre Convention 2018

The Hobart High Thespians took a trip down to Indianapolis for the annual Theater convention. The weekend was filled with competitions, workshops, watching plays, and tech challenges. They had three soloists that competed: Madison Camacho, Zoey Belk, and Benjamin Rose.

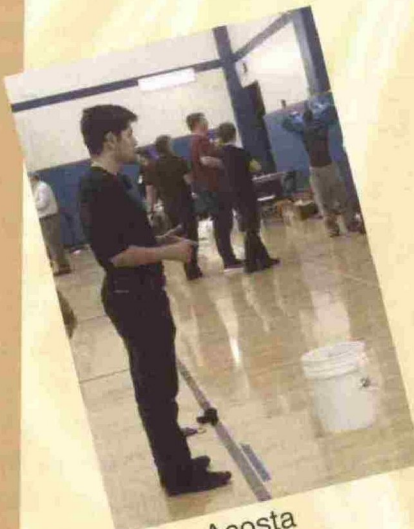

Nathanial Jenkins and Kaitlyn Webber were the only ones that did a vocal duet. They also had a tech team compete. The team was consisted of Andy Acosta, Cade Brumley, Mikhail Greenwood, and Audree Vann. They competed in five different challenges and did well.

They was a curtain folding, knot tying, prop setting, focusing a light, and a quick change competition. Andres Acosta came in 4th place in the knot tying competition. Cade Brumley, Mikhail Greenwood, and Audree Vann placed 2nd in the quick change competition.

# Mumaugh Awards 2018

Seniors take their final bow.

The Theatre Department does things a little different than other groups when it comes to giving awards! At the end of each school year we have our dinner and "Mumaugh Awards" much like the Tony Awards. Named after Shirley Mumaugh, long time speech and theatre teacher, who passed away-winners get Mumaugh's instead of Tony's! The evening is a long one that honors those who have done great things, provides entertainment for our audience, honors our seniors, and ends with a slide show remembering our year!

# Moroccan Nights

By Cassandra Rojo and Reyna Gonzalez

Each and every year, the Junior Class Council works hard to ensure that prom night is a good final salutation to the seniors. This year was no different - the chosen theme was Moroccan Nights. Anticipation built up among the student body as April 28th approached rapidly. Everything came together smoothly - the dessert table, the center pieces, the decorations, it all pulled together and all had a wonderful evening. From names being announced at grand march, crowning of prom princess, prince, king, and queen, to the final dance - all attendees had a memorable prom. After all, today's special moments are tomorrow's memories.

By Jack Huber & Austin Yergler

The Bricks are enjoying another winning season.

Senior Brock Cooper showing his support for the girls volleyball team.

Greetings from the student section! Welcome to the place where students get most of their exercise for the week. A small area indeed, however, filled with some of the most charismatic individuals you will ever meet. We've got screamers and singers, dancers and howlers, plenty of adrenaline filled young men and women putting on for their school. We've been there for rainy football and for the humid basketball games. We've been silent until the 8th point and we've "YES'ed" our way through touchdown celebrations. It's a special bond between all of us student section goers. Familiar faces and sayings make us all feel a bit less embarrassed about our school spirit. The infamous "freshman get hype or get out" chant will be forever stuck in my mind. Ah and the "we've got spirit" chant, who can forget that one. And who doesn't love embracing with your friends and singing along to Neil Diamond's Sweet Caroline? From the bottom of the section with our fearless senior leaders to the top of the section with our nervous freshies, we are grateful for this wonderful area we call the student section.

# CLUBS & CLASS

The learning process occurs not only in the classroom, but also in the various clubs and organizations that will form the memories of a high school experience. The teachers and staff share what they love with the students they are entrusted with, and together they create treasured memories...they are forever

Students hold copies of the completed spreads they worked on during the school year.

This year marks a new chapter for the yearbook; a new leader, new students, and new ideas. Mrs. Nelson was asked to take over this year. Mrs. Nelson said she initially thought "Are they crazy?" when the administration asked her to take the place of Pagone. However, as she learned more about the process, she became very excited for the opportunity and had many ideas as to how to continue to improve the yearbook. Though she and the staff had to learn a lot along the way, they conquered the obstacles and created the 2017-18 yearbook that you hold in your hands now. Expect even more improvements next year!

# Academic

The Academic Super Bowl, Spell Bowl, and Quiz Bowl are the academic team offered at Hobart High School. These teams are often overlooked in high school settings, but these teams sacrifice a lot of their time out of school to participate in an academically based club. Hours of independent study, hours of after school group study, and hours at competition. While they may have taken a few losses, their wins meant the world to their teams.

## QUIZ BOWL

Quiz Bowl is a group version of Jeopardy. This team competes against other teams from other schools. They race to answer questions from all areas of knowledge, including history, literature, science, fine arts, current events, popular culture, sports, and more. This year, the varsity competitors were seniors Cade Brumley, Alejandro Castillo, David Doneski, Nate Jenkins, Matt Moreno, Melodye Niksich, and junior Jace Musick. Junior Varsity members were Aleena Popp, Alexis Berry, Samantha Meyer, Jillian Sherrard, Dakota Bailey, Katy Webber, Tori Sheriff, Steve Scroggins, Lucas Van Wijngaarden.

## SpellBowl

The Spell Bowl is coached by Mrs. Stinnett, who described the team as a team who goes to multiple spelling bees. Instead of spelling out loud, each speller writes down the spelling of the word given. While each competitor spells individually, the individual scores contribute to the team score which determines the winner. A person from the Spell Bowl team described their team this year as a "family".

## Academic Super Bowl

Academic Super Bowl is a competition that involves individual teams in English, Fine Arts, Math, Science, Social Studies and an Interdisciplinary team comprised of one member from each team. Throughout the year team members conduct research and prepare for competitions that focus on a different theme each year; this year that theme was World War 1. This year at the area competition, our Fine Arts and Math teams finished in 1st place. Our Science and Interdisciplinary teams finished in third place overall.

# G.A.S.P

By: Alaiya Melton

G.A.S.P, short for Gay And Straight Peers, is an organization dedicated to providing a safe place for all students to come together. The club, sponsored by Theresa Dietrich and Elizabeth Slough, focuses on the importance of acceptance and the inclusion of all students. Since the club has just begun, they have tried to fund raise money that is donated to various organizations and use their influence for good. G.A.S.P is a club is inclusive and it creates a safe places for teens of all genders, race, and orientations alike.

# Wolffgang

By: Elizabeth Herrera

Hobart High School's Wolffgang, is an premiere vocal music group that performs between 60 and 70 times a year. The group focuses on popular music from the 1930s to the 1960s but also includes more limited amounts of patriotic country and serious sacred and secular sections. Wolffgang performs in Northwest Indiana and Chicago land and has even traveled to Indianapolis and Western Michigan. In recent years, the group has had the opportunity to perform with the Northwest Indiana Symphony. Some of their favorite performances includes Chicago Channel 7 ABC Morning News, Lakeshore Media, the Chicago White Sox stadium, and the South Shore Gary RailCats. The group is named for long time director Dean Wolff. Membership into the group is by audition where they must demonstrate strong sight singing capabilities as well as the ability to harmonize with others.

The Wolffgang share smiles as their Seniors sing Alphaville's "Forever Young" as a dedication to the underclassmen.

# French Club

By: Liesl Martin

Taking a trip to Chicago during the Holiday season, going ice skating in Valparaiso, and visiting Café Fondue are just some of the many things that French Club has done this year. Other activities include participating in the homecoming parade, greeting the teachers from Korea, watching Disney movies in French while eating pizza, creating Halloween masks, making their own chocolate fondue, and voting for the recipient of the French Club Scholarship. French Club's sponsor Heidi Polizotto has worked at Hobart for two years, and has been the sponsor for both years. She said that her favorite activity was going to Café Fondue because she "has a chance to see all the students out of school" and gets "to know them on a personal level". Nick Sanchez is a junior, and this is his first year in both French and French Club. He says that he's "so glad that [he] joined French, and he's even happier that [he] became the president of the club." His favorite activity that French Club participated in was the trip to Chicago. "I really loved seeing the different cultures while being able to hang out with my friends". All in all, French Club accomplished some amazing things this year, and brought the love of the language to many students.

Attending college, enlisting in the military, or making deliberate future work plans after high school is what many high school students strive for. It takes a lot of hard work and dedication to achieve the goal of committing to something after high school. This year the guidance office took it upon themselves to recognize those who committed to something after high school. They hung up a banner on each seniors' locker who had made a commitment. The entire locker bay was decorated in purple and gold, and huge gold balloons in the shape of 2018 were hung. Mrs. Belk, who works in the guidance office says, "We [were] very proud of our seniors this year and eager to celebrate their great choices going forward". The entire guidance office worked extremely hard to give the seniors the rewards that they earned!

# Key Club

By: Stephanie Teer

Hobart Key Club went to the 2018 state awards and walked away with 7 first place awards! They won Distinguished Club President- Elena Polizotto, Distinguished Club Treasurer- Alexa Ray, Distinguished Club Webmaster- Lily Kollross, First place Scrapbook, Distinguished Kiwanis Advisor, Distinguished Club Award, Kiwanis Advisor Larry Barrasas, and first place Talent Show at the state awards.

Key club members Keliya Perry, Hannah Narjes, Alexa Ray, Lily Kollross, Luz Martinez, Elena Polizotto, Madison Gerke, and Lauren Romes helped out at the Thanksgiving Soup Kitchen.

Coming together as a group to make a difference in schools and communities is what Key Club is all about. Key Club lets people meet others and develop new friendships. HHS students keep joining Key Club more and more each year. This allows Key Club to make bigger and better differences in the community and the world. The leader of Key Club, Mrs. Polizotto said she has been leading Key Club members for a long time. She most recently came from Crown High school. Key Club started with 18 members at the beginning of the year, and has grown to 71 members. Key Club members are required to have at least 20 hours of community service per year to have Key Club listed their transcript. Key Club has completed over 15 service projects this year in the community and school area. HHS Key Club has performed over 1,000 service hours for school year 2017-2018. Key Club International is the oldest and largest service program for high school students. It was founded in 1925, and it is simply for encouraging leadership through serving others.

# Spanish Club

By Natalie Otero

Spanish Club is all about the embracing of Hispanic culture and all that comes with it. It is a welcoming club that accepts everyone wanting to celebrate the Spanish culture. The fun comes from the people who join the club along with the various activities participated in. Spanish club has had a great year as the culture was experienced through the food eaten, like tamales and Mexican rice, the dances practice like batchata and salsa, and the Spanish productions viewed like the Disney movie Coco. The leader of the club is Mrs. Latoya Greenwood who has a goal of helping everyone appreciate the Spanish Culture who shows an interest!

# DECA

By: Monica Butkiewicz

DECA is a 70 year old club that prepares emerging leaders and entrepreneurs in marketing, finance, hospitality, and management in high schools and colleges around the globe. They strive to teach values such as competence, innovation, integrity, and teamwork.

This year, many of Hobart's DECA members made it to state competition in Indianapolis. Mrs. Roach is "very proud of them."

# Youth and Government

By Skyler Sherwood

Friday, the 23rd, a bus of around 25 students hopped on the expressway with suitcases full of suits, blazers, & heels stuffed into the back. A weekend of debate, professionalism and leadership was ahead for the students involved in Youth and Government. From February 23rd to 25th, the students involved in Youth and Government took to the capitol building in Indianapolis. Youth and Government is a club ran through the YMCA, for youth to learn and get involved in a mock government, in a way of creating and passing bills in mock legislature.

Senior Gerardo Lozano, and past mock cabinet member stated "Youth and Government is a club I've been involved in since I was a sophomore. I have learned to present myself professionally and confidently, while representing my own beliefs and viewpoints."

The students attending this event come from several different counties around the state of Indiana, all with very different political viewpoints and beliefs. Students involved all have the ability to present a bill, and have those in the senate and/or the house debate in favor or against their bill. Very touchy subjects arise, like abortion, gun rights, drug legalization and more; however, the mature minds of the individuals involved in YAG are able to debate such topics with respect. Once a bill is debated, a standing vote takes place. If the bill is voted majority in favor, the creator will take their bill and present to the opposite room, whether it be the house or senate. If it passes in both, it will then be turned to the mock Youth Governor and will either be passed or vetoed.

Student Nadia Polizotto has been involved in YAG all four years of high school. "I will miss my time in Youth and Government a ton."

Jason Esquivel held the position of Secretary of State, Cade Brumley the position of Lt. Governor, Alejandro Castillo as the clerk of the senate and Nate Jenkins as speaker pro-temporal. Each year students run for different leadership positions, by campaigning and presenting a speech.

# Orchestra

By Miguel Castillo

Our HHS Orchestra is apart of a diverse music program that has been a goal and dream of Mr. Brian Grenier. He is the current conductor of the program, and has taken on the responsibility of building it from the ground up. Our current orchestra program consists of mainly freshman students since this is the first year the class is offered at the high school. They recently began this program starting at the Hobart Middle School in hopes to start of these members in the right direction early. Although this is their first year up and running successfully, they have tried in the past to start this program up. Their first attempt was back in 2009, but it took several years to get the program in place.

The main focus of the program is to grow in size by spreading the word that HHS now has a Orchestra, and it is an opportunity for students to join at HMS and HHS. The overall goal is to be able to get to the point where HHS can assemble a full orchestra, which is where you combine the strings along with the band instruments. The current Orchestra class consists of 14 members, 12 of which are freshman. One of the main focuses of the fall semester was preparing to play for the musical Wizard of Oz. It will be very exciting to see how this program grows and develops over the next few years.

## *Competitions and Performances*

Competing and performing is what makes being apart of the orchestra all worthwhile. The students who had only played their instruments for 2 years got asked to play in the pit for the musical *The Wizard of Oz*. This was a great opportunity, and helped to build their confidence. They also were invited to play with the Northwest Indiana Symphony at their holiday concert in December. Here they performed in front of a very large audience. These kinds of experiences provide wonderful learning opportunities for the students involved.

# Ring's Room

By: Stephanie Teer

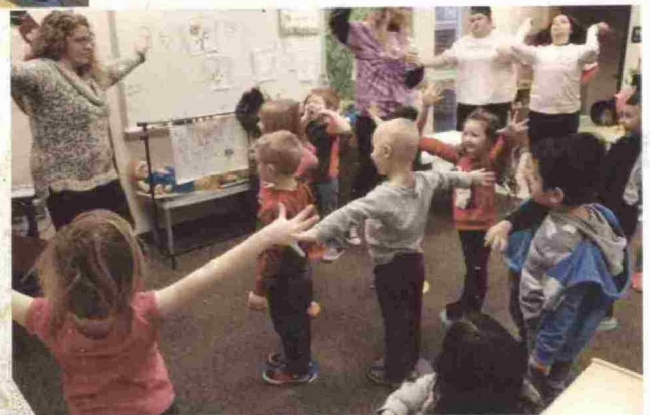

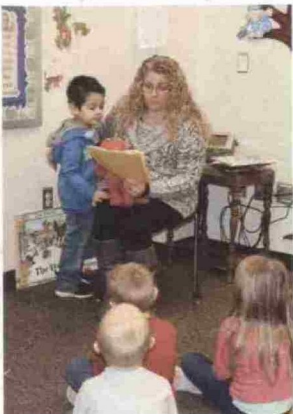

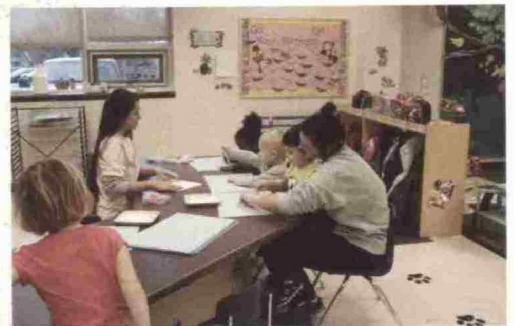

Mrs. Ring is the lead teacher in a very special room of the special education department, and has been teaching for a total of 20 years. Mrs. Ring has known she has wanted to be a teacher since she was 8 years old. She says that her favorite part of being a special education teacher is all of the versatility that she faces on a day-to-day basis. Everyone has bad days, and when they show up in the special education room, Mrs. Ring says that she takes deep breaths and puts on meditation music to help not just herself, but help everyone else calm down. There are numerous aids that help out in the classroom. The adult aids are Ellie Butler, and Maria Escoto. The student aid this year was Luz Martinez. She says she loves hanging out with her peers, and helping them with whatever they need. Mrs. Ring says that the children learn not just on different academic levels, but they also learn life skills. The students do different activities around the school like washing the tables in the cafeteria, recycling every classroom's bins, and they also cook in the classroom.

# Brickie Kidz Preschool

Hobart High Students have an awesome opportunity to work with 4 year olds and earn college credit towards an associates degree in early childhood education! The Brickie Kidz preschool is located at Hobart High School and at the Early Learning Center. High school students enrolled in the class get a wonderful opportunity for hands on training in a working preschool, under the watchful eye of Mrs. Cheryl Bunch. Guided by Mrs. Bunch, students plan lessons and activities and get experience working with some pretty cute Brickies. As you can see from the pictures below, the activities they participate in are quite diverse. Mrs. Cheryl Bunch shared, "Our goal at Brickie Kidz is to prepare our youngest Brickies for kindergarten not just academically, but also socially and emotionally. In addition, we also prepare our oldest Brickies to continue into early childhood education as they head into college."

# JROTC

## Junior Reserve Officer Training Corps

By Brittany Rogers

Junior Reserve Officer Training Corps, or JROTC, is a unique program that focuses on one main goal: "Motivating Young People to be Better Citizens". JROTC teaches youth how to be outstanding citizens and leaders in society while inquiring morals, ethics, and values into students' lives. In Hobart's particular program, JROTC follows army-specific curriculum.

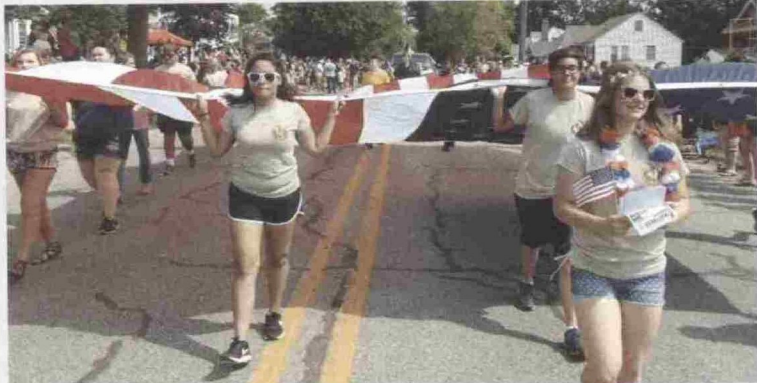

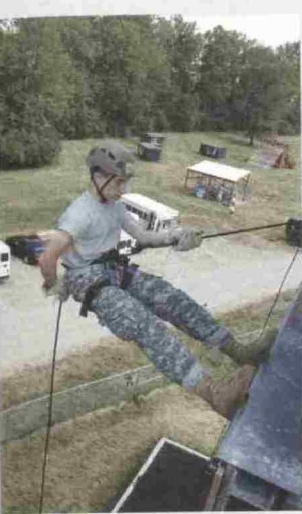

Cadets learn a variety of skills in the classroom, including leadership skills, community emergency response training, map reading and geography, and even personal finance. However, cadets are also heavily involved in extracurricular activities. JROTC offers six after school activities: the physical fitness team Raiders, the military ceremony teams Drill and Color Guard, the shooting team Marksmanship, the academic and leadership competition team JLAB, and the JROTC Band. Lastly, JROTC cadets are encouraged to participate in community service. The Hobart JROTC battalion prides itself on its great involvement in the community. Overall, JROTC cadets are taught true-to-life skills and how to be successful leaders.

## Raiders

Raiders is a physical fitness program that focuses on stamina and strength. The Raider team trains intensely all year round. Because of the dedication and determination of the cadets, the Raider team took home first place at the Hobart Raider Invite in October of 2017.

## Color Guard & Drill

The Color Guard B team (left, top) was awarded first place while Color Guard team A (left, bottom) earned second place in the Indianapolis State Color Guard Championship. The Drill team (right) took home second place at the Indianapolis State Drill Championship. Cadets Clemmons, Bordowitz, and Powers each earned awards for individual drill commands.

## Marksmanship

The Marksmanship team, which practices and competes in the winter season, won fifth place at the Indianapolis Marksmanship Competition and one cadet, Alexander Decker earned an individual award.

# Brickie Slam Poetry

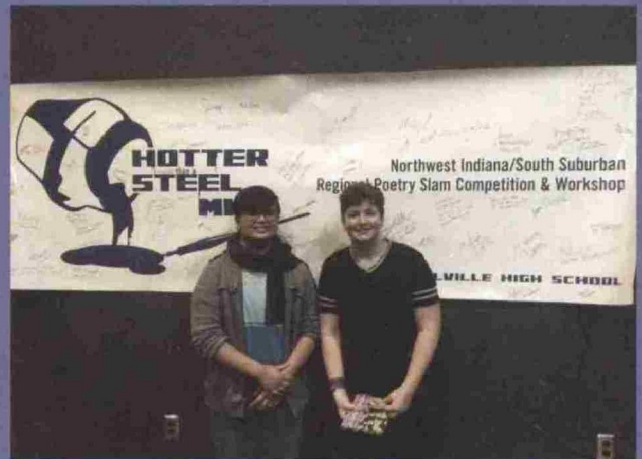

By Brandon Marciniak

This year at Hobart High School, the students were offered to join a team/club that helped students reveal their feelings and give it meaning. This was helped by doing Slam Poetry which is, poetry that is meant to be performed for a live crowd. This is spoken poetry, and can be an individual performance or a team performance. Slam poetry can be very powerful. Co-sponsor Ms. Stinnett had this to say about its powerful capabilities. "The kids can talk about things that are not easy to be spoken about, like an emotional outlet."

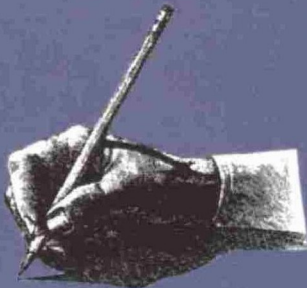

In this years competition, the name was "Hotter Than a Steel Mill." This is a very unique name given that in the region we are most known for our steel production for the U.S. Anyhow, our competitors did outstanding at the competition. Students Emit Thingelstad and Kai Marcayda placed first in the group competition. In the individual competition, student Emit Thingelstad and Hobart High School alumni Melyn timer Koch were finalists. But as a group overall, Hobart won first overall. The team is sponsored by Ms. Stinnett and Ms. Bartsch.

Poetry Slam members include from left to right, Ms. Bartsch, Hope Gaetano, HHS Alumni, Melyn timer Koch, Nester Velasquez, Kai Marcayda, and Emit Thingelstad.

Brickie Ambassadors is currently in its second season. The club was created at the high school by Assistant Principal, Mr. Rodriguez. The main reason behind the club was to have upperclassmen mentor and show freshman around the school, and show them how to behave in their new surroundings.

Mr Rodriguez mentioned that he wanted the club to be a "a student led organization to help freshman connect with upperclassmen, allowing them to get adjusted to the new school and allowing them to meet friends." "Brickie Ambassadors are Hobart High leaders and we want to show the freshman how to act and how to behave in the school." Mr Rodriguez is currently planning new ways to connect the freshman and Ambassadors throughout the school year, by planning fun activities outside of school. It is a great way for the students to connect to each other and relate to each other. Currently this year, the Brickie Ambassadors have participated in the Freshman Orientation, along with a couple other leadership activities throughout the year. Mr Rodriguez would also like for upcoming juniors and seniors to consider becoming a Brickie Ambassador because It is not only a great club to put on your resume, but it is a great way for students to make new friends, along with showing their leadership skills. If you have any questions on how to join the club, contact Mr. Rodriguez.

# First Aid Club

Austin Yergler

Hobart High School has many beneficial clubs and teams. One of these is the First Aid Club that helps students become more comfortable with how nurses work in a doctor office. Four years ago the Project Lead the Way biomedical students started the first aid club as a part of a college grant. Mrs. Parish and Miss. Tres are the current sponsors and leaders of the group. They have been sponsoring this club for the past two years. The first aid club is involved in all sorts of activities and helps run the blood drive. They also help the school by fundraising for band-aids, they put together gift baskets for the crossing guards, and they also work at the spring fest.

This club is very beneficial for the students that are involved in this club. They get first aid and CPR certified by getting professionally trained by the Hobart fire department. They also learn how to work with organizations and the club is coordinated with the American Red-Cross. This club could be very beneficial for anyone in it but would be extra beneficial for the students that plan on going into the medical field.

# Mending Broken Bricks

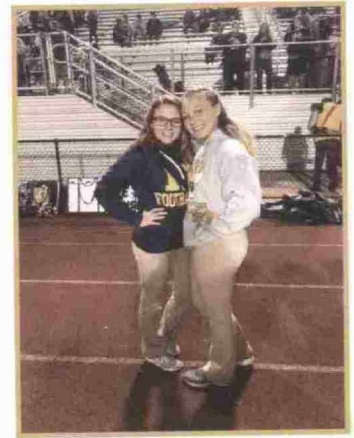

Kayla Harmon

Imagine this: it's Friday night and the scene is hectic. There are trainers running around like chickens with their heads cut off asking, "Has anyone gotten the gator yet? How about the golf cart? Is water filled up yet?" To your left, an athlete is lying on the ground with a leg cramp and you see another trainer rolling him out and the other one is racing to him to bring him a Gatorlyte or pickle juice. To your right, you see a player who landed on his foot wrong and you look over and find Leto trying to figure out if it's broken or not.

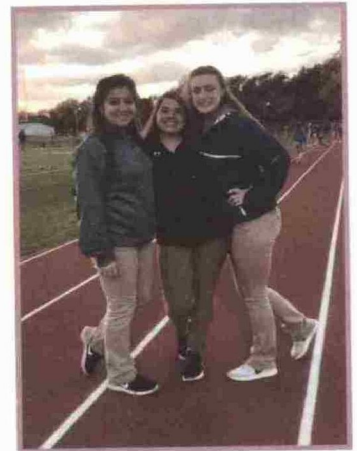

You're now in the training room and there is a huge line of players asking to get their wrist taped; you're in a crowded, tight space and you can't find a taping table to tape an athlete's ankle and it's imperative you do it quick because warm-ups start in 2 minutes. A coach is asking you where his player's jersey is and you know for a fact you placed it on his locker before team dinner, but you drop everything you are doing and search every nook and cranny to find their jersey.

Athletic trainers aren't just for football or "big sports," they help out with all sports and if needed, extracurricular activities. Athletic training takes a lot of time and can be deemed stressful, but very fun and memorable. Head athletic trainer, Mr. Leto said, "I think it's a fun job, there's always little quirks and at the end of the day it's something I went into and I really enjoy it."

Thanks to the help of Amanda Marshall, this year's new assistant athletic trainer, the trainers were able to accomplish more than they thought they could. Amanda previously worked at Andean and had no choice but to do everything on her own. Amanda says, "My first year as an assistant athletic trainer has been a great experience and learning experience."

# HALL of SCHOLARS

Freshman year, Sophomore year, Junior year, and Senior year. Drastically different years, but one common factor links each year of high school for the fifteen students pictured below. That common link, hard work and dedication that fifteen students put forth for each of those four years. This is not an honor that can be earned in one or two years, but the journey must begin their freshman year as they plan their class schedules. The students achieving this honor have the top 15 grade point averages of the class and deserve the highest praise for their work throughout the years. The late nights studying, and the overall commitment for school, all leads to this one moment... being announced as one of the fifteen scholars. This hall is located by the main office, where the class picture for each year is posted. The Scholars were honored at a banquet with their family and friends in May. Each student also chose an educator who had been most influential in their educational career. This educator was a guest of the student at the banquet and had the honor of introducing the student when they presented their speech. This is the 2018 Hobart High School Hall of of Scholars.

# The Leaders of

*Robert Glover*

Bob Glover is the director of athletics at Hobart High. He enjoys getting out and seeing all the athletic teams compete. His first year out of college he was a language arts and history teacher along with being a coach for varsity baseball and basketball for 12 year, before becoming the director of athletics at Hobart. The lessons his work life has taught him is the job itself taught him to enjoy people around him .He claims he will miss the interaction with the students and staff after he retires.Also he states it has taught him to enjoy life because you are not for certain if it will be there tomorrow. Mr.Glover is motivated most by being a perfectionist. and making all go as planned essentially. His hobbies includes golfing, riding bikes with his wife, and traveling.

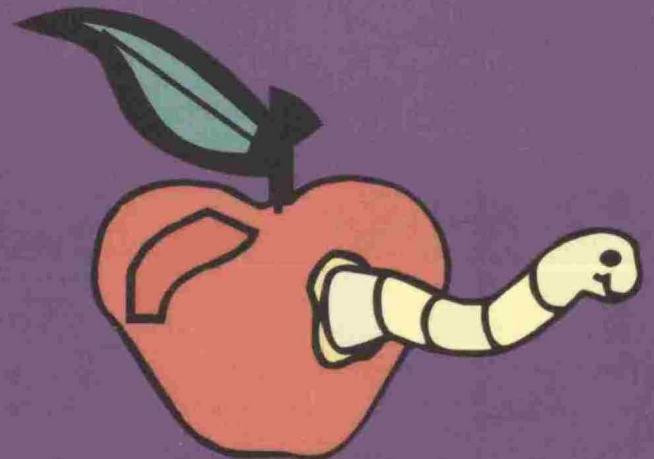

*Michael Black*

Michael Black is the assistant director of athletics at Hobart High he says his motivation is his students and he likes to inspire them to do great things. He also enjoys planning all of the athletic events so that they are fun for the community overall. He loves spending time with his family above all. He is preparing to take over as athletic director beginning next year, but currently is teaching Chemistry.

*Tracy Brumley*

Tracy Brumley is the Dean of the students at Hobart High. She did not aspire to be the Dean and has had five careers prior to this job, but states "I'm happy where I have landed." While at this job, she has learned that patience as well as flexibility for whatever may come is vital. Her favorite part of her job is as stated "seeing students grow and mature into something so cool."

# Hobart High

*By Natalie Otero*

*Angela Patrick*

Angela Patrick is the Principal at Hobart High. She has inspirational advice to incoming and graduating students, "You have to work hard and treat people right as well as serve others." Mrs. Patrick also says her favorite part of her job is to celebrate students. Her hobbies include being with family, binge watching netflix, and going shopping.

*Danielle Addams*

Danielle Adams is the Director of Guidance. She speaks of her love of students and staff, and enjoys the uniqueness of each day she faces here. Along with that, she encourages students to come to her with any needs they may have. Helping students is her passion. She added "my favorite out of school activity is spending time with my kids and running, as well as doing yoga."

*Colleen Newell*

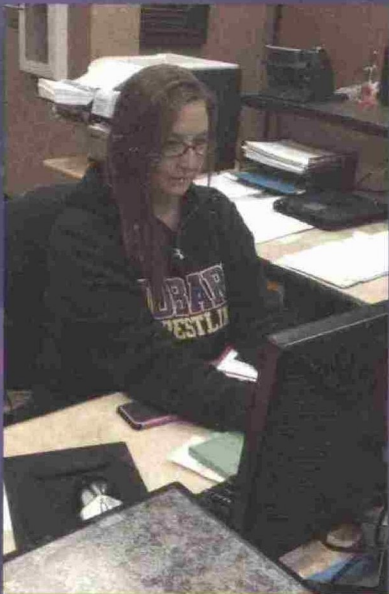

Colleen Newell is the Assistant Principal at Hobart High. Her favorite part of her job is seeing the students blossom. She states "Seeing them grow is rewarding as they become the adults they will be for the future." Mrs. Newell also says "hearing what some of the things students go through is really hard especially when you feel helpless." She realizes she cannot fix everything but she likes to try. Her hobbies include being with her family, and she jokingly states "I have an addiction to shopping."

*Jacob Rodriguez*

Jacob Rodriguez is the Assistant Principal here at Hobart High. Some lessons he has learned from his job is patience is key, especially when being accountable for so many students. He also says that his favorite part of his job is building relationships with the staff and students. He also encourages students to get involved into extracurricular activities such as clubs and athletics that Hobart has to offer. His hobbies include hunting, fishing, and spending time with his family.

# The Ladies Who Keep

By Samantha Vode

The Hobart High School would not be the way it is without there seven women, who put so much time and heart into their job. We have Ms. Reppert and Ms. Brown in the student services. Mrs. Batistatos and Ms. Harness in the main office. Ms. Freimuth in the athletic office. Ms. Fugate was in the guidance office; until she decided to retire during the school year. In the hunt to find someone new to work in the guidance office, Mrs. Belk was hired. We have Mrs. Batistatos and Ms. Harness in the main office, who take calls, take care of the book rental, and take care of the school. Ms. Reppert and Mrs. Brown are in student services, where they make sure the attendance is taken care of and they have to deal with the trouble makers. In guidance office Mrs. Fugate use to make sure everyone's schedules were correct and made sure everyone was on the right track for graduation. In the Athletic Office Mrs. Freimuth takes messages for the athletic director and make sure all sporting events are perfect! No one realizes how much these women do for our school. Everyday they were their hardest to make sure everything runs smoothly. Learn their names, and appreciate them for all they do.

Mrs. Fugate making sure everyone's schedules are correct.

# The HHS in Order

Mrs. Batistatos hard at work.

## When asked what advice they'd give to their teenage-self they answered:

Harness: " You really can achieve anything, and don't be too hard on yourself"

Batistatos: "Don't rush into decisions before you thought them through"

Fugate: "Enjoy every minute because these days are hard as a teenager, but they're nothing like when you become an adult, enjoy every minute and do as much as you can"

Reppert: "I would have told myself to try harder in high school, and I should've went away for college instead of staying local"

Brown: "Stay in school, have as much fun as you can, it's not as fun as you grow up.

Freimuth: "Spend more time with family because life's too short and tomorrow isn't promise"

Belk : "Be patient, be positive. It goes a lot faster than it seems it would"

Mrs. Freimuth calling to make sure everything is set for the boys basketball game.

# Wonderful Lunch Ladies

By Elizabeth Herrera

It can be so easy to take people for granted. Especially those who work hard for the kids in the school. These ladies feed the kids while they are at school. They rise and shine in the morning by making sure breakfast is ready for us when we get to school. Plus making sure lunch is ready in the afternoon, then they have to make sure to have the food ready for the next lunches. Then clean up after every lunch. They feed up to a total 1,300 kids everyday. These ladies do a lot and we appreciate every little thing they do here at Hobart High School.

# Retiring Teachers

By Damien Breitsprecher and Elizabeth Herrera

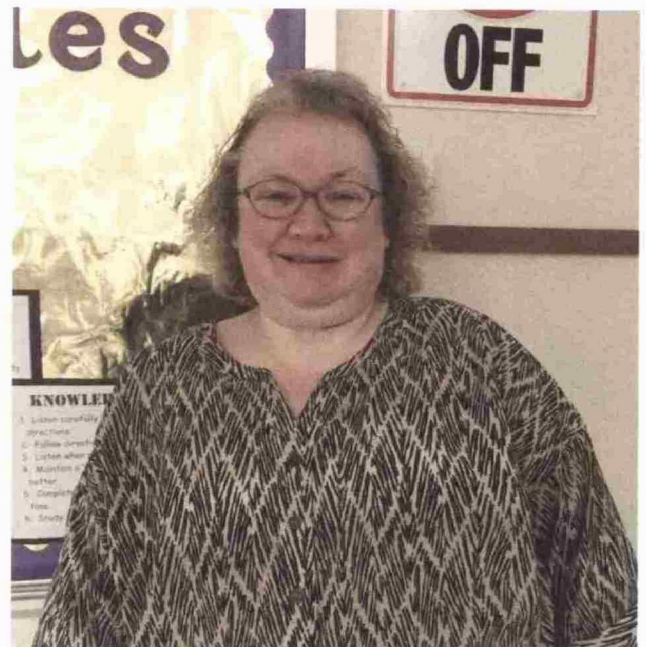

Mrs. Dilts

Mrs. Dilts is employed through the Indiana Special Education Cooperative that contracts with Hobart. She has been teaching at Hobart High School for 6 years, making her total teaching years 21. She is a special education English teacher. She focuses on individualized education.

Mrs. Dilts takes with her the enthusiasm and positive thinking of Hobart High School, along with the motto, "Work Work Work". She plans to travel extensively while she still can. She also plans to work in volunteer positions to help disabled people. She advises incoming teachers to laugh and enjoy themselves with the wonderful people you get to work with.

Miss Schmidt

Mrs. Schmidt has been teaching at Hobart High School for 24 years. She has been with the school district for 28 years. Mrs. Schmidt teaches special education, she has also had the honor of co-teaching Algebra, History and Applied Essentials. Mrs. Schmidt loves to teach her kids in specific methods such as Drill Practice, Memory and she takes it all one step at a time. She takes away friendships with her co-workers and seeing her students walk across the stage from her years here. During her retirement she plans to move closer to her mom, but she also has plans to substitute for school districts back home. She gives the incoming teachers the advice to "take it one day at a time."

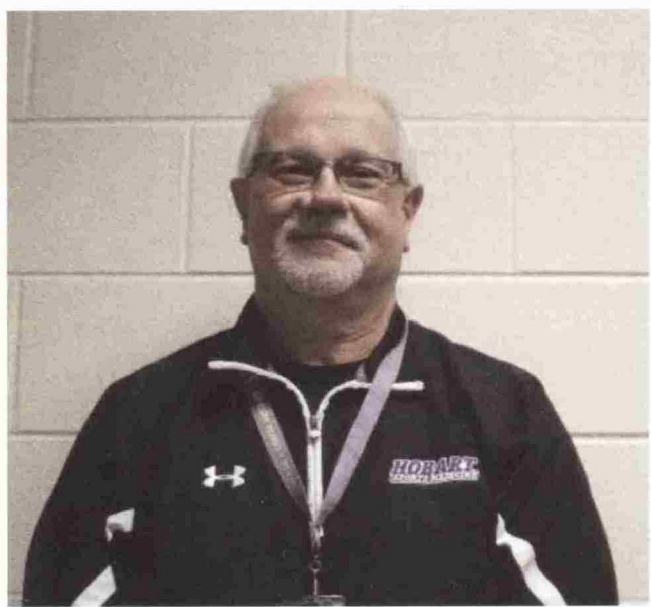

## Mr. Glover

Mr. Glover has dedicated 40 years of his life to education. Twenty three of those years were serving as Hobart's own athletic director. He has used his final year to mentor Mr. Black, who will be taking his position. He is responsible for all facets of athletic programs here at Hobart High School.

Most of Mr. Glover's life has been surrounded by Hobart. The saying "Once a Brickie, always a Brickie" really does apply to him. He is thankful to give back to his community. Upon retiring he plans to finish projects around the house and travel.

## Mrs. Lute

Mrs. Lute teaches special education. She uses a lot of techniques to work with her students. She adapts to her students based on what they're learning and gives them tools to use. She used to bounce from school to school to teach different students. Now she has been strictly at Hobart High School.

Mrs. Lute takes with her great great memories of our school. She plans to spend time with her family and volunteering. She says teaching is worthwhile and it's great seeing her students achieve.

## Mrs. Ring

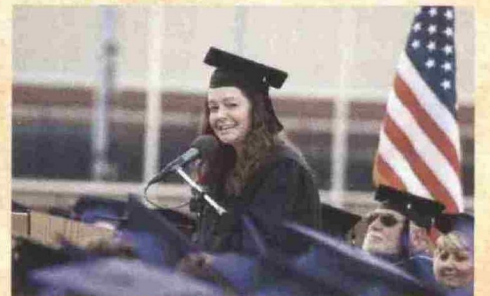

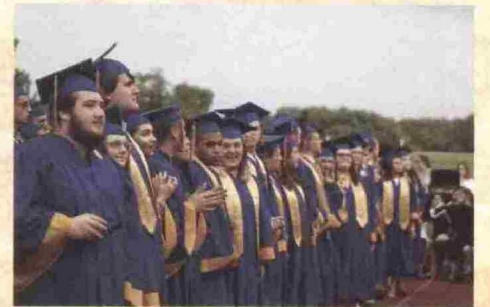

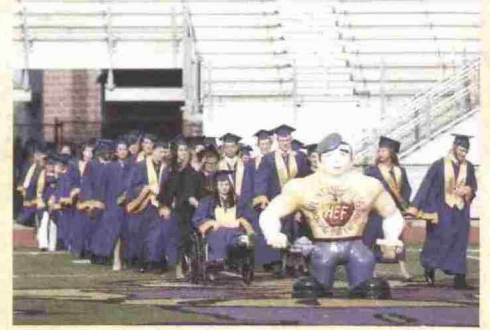

Ms. Ring has been teaching for 28 years but, she's spent her last 6 years here at Hobart High School teaching life skills. Although she didn't get licensed until she was 40 she's happy that she got to teach for as long as she did.

Ms. Ring takes with her "patience" from her years here at Hobart. She said "It's been a long ride" as her years at Hobart High School comes to an end. She plans to do a lot of traveling as well as visiting some family along the way.

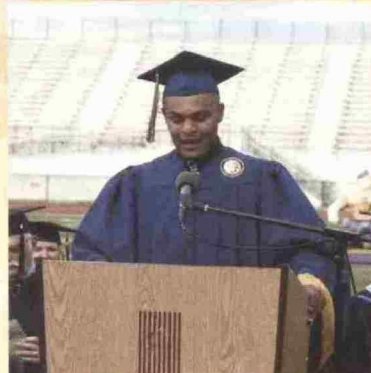

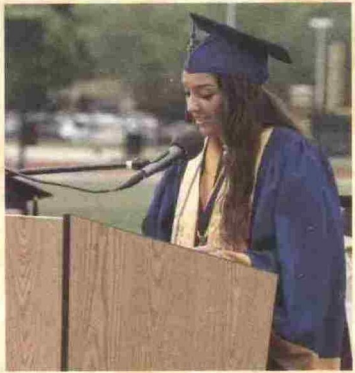

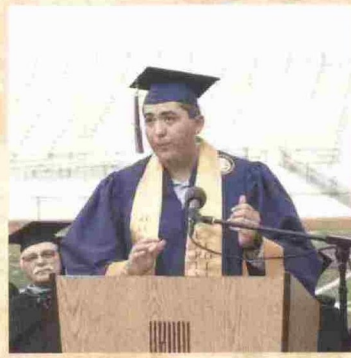

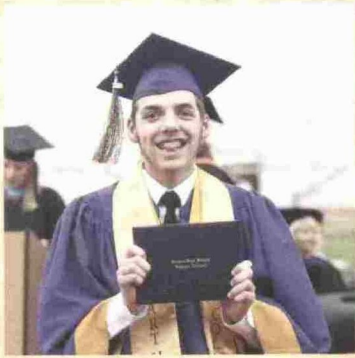

She advises the incoming teachers to be a team player and have fun with the students while they're still with you.

From your 1st baby steps  
to those steps across the  
stage we have watched  
you grow into a young  
man that we are proud to  
call our son. We can't  
wait to see what your  
future holds!  
-Love you always  
Mommy and Pops

Abigail,  
We could not be more  
proud...nor feel more lucky  
to have been chosen to be  
your parents. May  
everyday feel like an  
adventure, the world is  
ready for you.

Adam,  
I blinked and a man  
stands where a boy  
use to be. I am so  
proud of you and I  
love you even more!  
Congratulations!  
Love, Mom and Justin

Brandon,  
Follow your dreams! We  
can't wait to see what the  
future holds for you.  
Thanks for making  
parenting so easy!  
Love,  
Mom and Dad
